Christina,

Please see the answers to two of your questions below:

Would an organization who is not incorporated in the state of Georgia but who is doing business in Georgia be eligible for our grant? No they wouldn't be eligible. In order to be considered for a grant under this grant, each direct service provider has to be a nonprofit organization incorporated in Georgia with a tax-exempt status.

Would one be eligible who is doing business (DBA) under another non-profit? If you mean a non-profit organization that is incorporated in Georgia with 501(c)(3) status, and does business with the public under a name other than its official corporate name, then it would be eligible.

Let me know if you need more information.

Diane
